

This is regarding the possibility of radio station KLOVE being removed from the air in my area.

Everyone goes through rough times, and every morning KLOVE provides the "therapy" I need to start each day.

There are so few "wholesome" tv or radio stations anymore...stations that you don't have to worry about your kids listening to, that actually have a purpose and a meaning.

This radio station is there for the people who need it - who either have a love for God and the things of God, or for those who may be searching for some kind of meaning to their lives.

Please don't take this from me or from our community.

Thanks for your time.
